

RETENTION+™ POWDER

SCULPTING POWDER

WHAT IT IS

A sculpting powder with a creamy, dense workability.

WHAT IT DOES

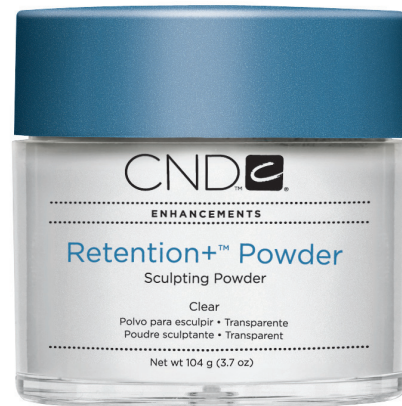

- Activates the cross-linking and polymerization of **RETENTION+™** and **RADICAL SOLARNAIL™** Sculpting Liquids.
- New technology coats each powder particle with sculpting liquid eliminating microscopic air bubbles creating superior brightness.
- Creates color-stable, strong, durable enhancements with superior clarity and brightness and a scratch-resistant ultra-smooth finish.

WHY YOU NEED IT

- For use with **RETENTION+™** or **RADICAL SOLARNAIL™** Sculpting Liquids.
- Self leveling formula: creates thin overlays or allows building in layers.
- To create natural nail overlays and to sculpt on tips and form.
- To create custom blends.
- Available in Sheer and Opaque coverage.

DIRECTIONS FOR USE

- Perform P.R.E.P. and ensure the nail is thoroughly cleansed and prepared.
- Apply NailPrime, if desired.
- Sculpt the nail in 3 zones using a mix ratio of 1.5 parts liquid to 1 part powder.
- Shape and refine using **CND™** files and buffers.
- Visit cnd.com for complete Step-by-Step instructions.
